

Subject: May Newsletter stuff

April Recap

April started out kind of gloomy as we didn't have any good prospects for a tour. We had a few emails and phone calls in but no responses early on. And the month was slipping by quickly. Then out of the blue we were invited to join a tour that the AACCA was doing at the end of the month. Our previous chapter president Terry Hoeman extended the invitation and a last minute email was sent out. For such a short notice we really had a decent turnout for the tour.

The Boswell's of Lincoln had opened up their home and storage buildings to the AACCA, the Plymouth Club and the Omaha WPC and nobody was disappointed. The tour was kind of like the song from the Little Mermaid. They had gadgets and gizmos a-plenty. They had Whozits and Whatzits galore. And I think he had 20 thingamabobs too, and more. Actually they were big collectors of player pianos, organs, brass fans, dolls, a whatchamacallit, and a whole bunch of other stuff. There was sooo much stuff to see that it was like playing I Spy. I'll be honest, I heard there were 4 tvs down stairs and I never saw one.

And then there were the cars. A huge variety of brands and ages and there was something for everyone to enjoy.

We had a nice lunch at the Knolls Restaurant on the South side of Lincoln too. It was a very enjoyable day and I want to extend a big thanks to the Boswell's for their hospitality. We really appreciate them opening their house and sharing their collections with us.

Next month is the HiPo car show and the Missouri Valley swap meet in mid May. There should be details in the newsletter. And more information on all car shows and swap meets go to the car

council web

site. http://www.enwicc.com/ENWICC_Directory_Events_2015b.html

Hope to see you at the HiPo show

Ron Glowen
